#### Media & Communications

Brian Turner

#### Membership

Rob Berz  
John Esson

#### Northeast Corridor Regional Council

Errol Plata

#### Scholarship

Greg Simon

#### Sponsorship

John Dunn

## Support Green Building in Hampton Roads!

HRGBC relies on individual donations and corporate sponsorships to support our efforts to bring green building education and advocacy to Hampton Roads. Buildings annually consume more than 30% of the total energy and more than 60% of the electricity used in the United States. Each day over five billion gallons of water is used solely to flush toilets. Green building practices can reduce these impacts significantly and insure that we preserve the environment for future generations. Your contribution to HRGBC will be used to support the following:

- **Educational programming and outreach:** We conduct monthly public learning series events which present green building best practices, case studies, and lessons learned. HRGBC also hosts regional/national cutting-edge seminars on topics such as Green in the Military and Sustainable Communities in Hampton Roads.
- **Raising awareness of the environmental, economic, and health impacts of green buildings:** Our chapter actively engages the community to highlight the benefits of green buildings. HRGBC is developing our green schools and green homes educational programs to expand the scope of our outreach.
- **Information resources for green building practices:** As a chapter of the US Green Building Council, we provide up-to-the-minute information on the LEED Green Building Rating System. We also maintain an active list of green building resources and past HRGBC presentations on our website. It is our goal to be the premier resource for green building information in Hampton Roads.

Please consider making a contribution to HRGBC's work. Donations are tax deductible in accordance with our status as a 501(c)(3) organization. We will recognize individual donations on our website with the donor's permission. Please note that individual donations are separate from the chapter membership dues program. Information on chapter membership can be found on our website at [www.hrgbc.org](http://www.hrgbc.org).

Donations may be made by submitting the following form along with a personal check made out to "Hampton Roads Green Building Council" to the following address:

HRGBC  
P.O. Box 3813  
Norfolk, VA 23514-3813

A receipt acknowledging your contribution will be sent to the mailing address indicated on the attached form.

Thank you for your support!
